

To Our Customers:

OFFICIAL ANNOUNCEMENT

NDS response to OC Lockdown (COVID-19)

For over 23 years, NDS has helped prepare the youth, the elderly, immigrants, and enthusiasts of our local communities for the open road. Our priority has always been the safety of drivers on the road and we continue to honor this in our response to the recent events of the COVID-19 pandemic.

Effective immediately, we will suspend all classes until the end of the month or until notified by government officials that it is safe to continue. The NDS team will spend ample time deep cleaning our vehicles and facilities before entering quarantine while following the guidelines of the CDC. Our offices will be on lockdown and all services will be suspended. If you have an appointment, we are more than happy to re-schedule after the Orange County lockdown (<https://www.newportdrivingschool.com/images/EOC-press-release-7-public-health-order.pdf>).

Our voicemail and email will still be available for communication.

Our thoughts are with those personally affected by this virus and wish for all to stay strong and stay home during this time. We will continue monitoring the developments of this situation and hope to return to normal business hours.

Please refer to the CDC (<https://www.cdc.gov/coronavirus/2019-ncov/prepare/get-your-household-ready-for-COVID-19.html>) and Orange County's Health Department (<https://www.ochealthinfo.com/>) for more information.
